## ABOUT

🔍 CW Sonderoptic designs and manufactures premium products for the cinematography market, including the Leica Summilux-C and Leica Summicron-C cine lenses.

### CW Sonderoptic

10 hrs · 🌐

A very evocative trailer for a short shot on [The Camera House's #Leica Summicron-C lenses](#) by DP Carlo Rinaldi, AIC. Carlo shot both day and night to tell a genre story with deep atmosphere and felt the Summicron-C's versatility was perfect to achieve his vision.
